About us

Founded 70 years ago by the Ma family, our Company is now led by Miss Suwalee Kiatkarun.

We are specialized in tea and herbs and derived products.

Our main headquarter is in Chiang Mai, in the North of Thailand, close to the mountains where the tea grows wild and pure in its natural environment.

During the years, we unfolded our own vision:

"to develop innovative healthy products, following the WISDOM of the past, using modern HIGH-TECHNOLOGY machinery with ART, SCIENCE and prime quality raw materials"
MADI PEACH

Fermented Assam Green Tea with Mulberry, Jiaogulan and Pandan and Peach flavor

Boosts metabolism, reduces fat, lowers cholesterol and LDL, has anti-oxidation, detoxification and anti-aging actions.
